About Rosemary:

Rosemary spent her childhood in the shadow of Mt. Lassen Volcanic National Park, surrounded by rocks from the center of the Earth that sprang forth when Mt. Tehama erupted. She grew up on what was once Native American land; there was an Indian ritual and burial site on the 155 acres. Every moment of her childhood was spent collecting rocks, especially the volcano's obsidian, and some very amazing arrow heads. Rocks called to her, they twinkled, and they asked her to pick them up, and she did.

Rosemary is a Certified "Melody" method Crystal Healing Instructor, Master Crystologist, Reiki Master and has studied Therapeutic Healing Touch methods. She has been studying Crystals & Healing for over 20 years and has a Crystal Healing Practice and a line of crystal essences called Crystal Nectar in Portland, Oregon. She offers personal healing sessions, workshops (including the "Melody" certification courses), crystal readings, and meditation classes.

What's Happening?

Monthly Crystal Classes

Coming in
December:
Obsidian

Obsidian is the composer of the mineral kingdom. It brings self defeating and negative issues, otherwise known as "Shadow aspects of Self", to the surface for removal. This can

be hereditary aspects or energies from past lives. It brings them forth for you to see and turns them into fertile energy so you can plant seeds of growth and change. This is a very protective stone - turning negative energy into healthy energy. Think of how a Volcano blows its top and in that exchange of energy it creates beautiful new material for the planet. As it blows it top the heavy energy bursts forth and transforms into pure healthy energy. All this is done without you having to blow your top or be in discomfort.
